

FAMILY LEARNING CHALLENGE

DAY 1: WEDNESDAY 25TH MARCH

FAMILY BRAIN GAMES

Did you watch The Family Brain Games on BBC 2, with Dara O'Briain?
Do you think your family could complete?

Why not follow the link below to take part in a family quiz, containing 16 questions. These were put together by the show's Dr Adam Hampshire.

Good luck!

TOMORROW:

WRITING CHALLENGE

SCHOOL CLOSURES

We're introducing daily Family Learning Challenges.

These are open to all GHS families, and will cover a range of topics whilst schools are closed.

THOUGHT FOR THE DAY

Children thrive in a predictable environment where they know what to expect. They benefit from an organised routine, which helps define school work and free time.

Whilst schools are closed, help your child to establish a routine—agree a regular time to get up, study blocks, meal-times and slots for exercise and relaxation.

QUESTIONS?

If you have any questions, or would like to suggest a challenge, please do not hesitate to contact us:
