

Administration & IT

SOCIAL STUDIES

Content

The course has two areas of study:

- Administrative theory and practice
- IT applications

Skills

Learners will be able to:

- understand administration in the workplace and its importance
- take responsibility for key administrative tasks
- develop a range of advanced IT skills for processing and managing information
- communicate complex information effectively, making appropriate use of IT
- develop skills in managing the organisation of events
- solve problems in the context of administration

Opportunities for Learners

Learners will be able to:

- develop their administrative and IT skills
- use a range of functions, some of them complex, of software applications such as word processing, spreadsheets, databases, desktop publishing, presentation
- organise, manage and communicate relatively complex information
- understand relevant health, safety and security legislation and workplace procedures

Assessment

- The course will be assessed through a question paper (exam) and an assignment, which will be marked by SQA and graded A to D.
- The question paper is worth 50 marks and makes up 42% of the total assessment mark. It contains two sections, with one of the sections containing a set of questions based on a piece of stimulus material.
- The assignment is worth 70 marks and makes up 58% of the total assessment mark. The assignment is set by SQA on an annual basis and conducted under a high degree of supervision and control. Learners complete the assignment in one 2 hour block (excluding printing time).

Question Paper

Section 1: A scenario is described, followed by questions (10 marks)
Section 2: Questions cover the coursework (40 marks)

1 hour 30 minutes
50 marks

Specimen Paper
